One of my buddies that I have known since we were in elementary, & doesn't seem like its been that long but since we were the best of friends time went by fast. I remember when we use to have our arguements and be ready to fight, it never did happen because we would make up real fast. When I leave the *Castle* I know you are going to miss me but lean wish it will have just one years and besides I stay right around the corner from you. It has been very nice to you as a friend someone who I could talk to when Franklin was acting like a ass-hole. I hope that you and Leonard can stay together, because if you don't its all your fault, and I am going to make you mad, by teasing you if you and Mr. Ambrose can't stay together. In about six years you will be at my wedding and it won't be to Franklin. So stay in touch and be a good student your next one years at the Castle.

Look A Little Closer

. . . and you'll see Knights during the day at Castlemont.

Take a (Closer Look) and you'll see, Seniors, Stylin, Smilin and Profilin, in the star studded Knights of '81. The class of '81 is doing what needs to be done for the future that's soon to come . . .

To look at the Sophomores and Juniors, any visitor would say, "Look at those Knights reaching for the stars." Sophomores and Juniors strive hard to get their future together now.

Where the action is . . . that's where the Knights are. On the field, on the track, on the court and on the diamond or in the pool . . . the action will be fast, exciting, victorious and full of fun, pride and spirit.

Take A Closer Look, Or Look A Little Closer and you'll see the future of the world . . .
